- Ideal for rural and remote locations where nearby cell towers are limited
- Delivers clearer calls and more reliable 4G mobile data indoors

INSTANT SIGNAL BOOST

UP TO +72db GAIN

SUPPORTS UP TO 5 USERS CONNECTIONS

FAST NETWORK & DATA SPEED

ABOUT

Reliable signal starts at the source — and Signal Hero One is designed to bring it inside your home. Missed calls, dropped signals, and unreliable data don't have to be daily struggles in rural or low-coverage areas.

Made for areas covered by a single mobile provider, Signal Hero One pulls signal from the nearest tower using a dedicated outdoor antenna, carries it through pro-grade cabling to the booster, and rebroadcasts it indoors via a wall-mounted panel antenna. This makes it ideal for properties with limited towers and users who depend on one network.

Signal Hero One excels with 4G SIM routers, boosting both mobile data and voice quality where outdoor signal exists but indoor reception fails. Now with a higher-grade booster, upgraded aerial, and thicker cable kit, it delivers faster data—especially **when outdoor signal is just 1–2 bars**.

Installation is simple and uses a proven setup trusted in rural and residential settings. If you need help, our Ireland-based support team is here to assist before and after your purchase.

No subscriptions, no hidden fees. Signal Hero One includes a **60-day money-back guarantee** and a **3-year warranty**, giving you confidence in your signal upgrade.

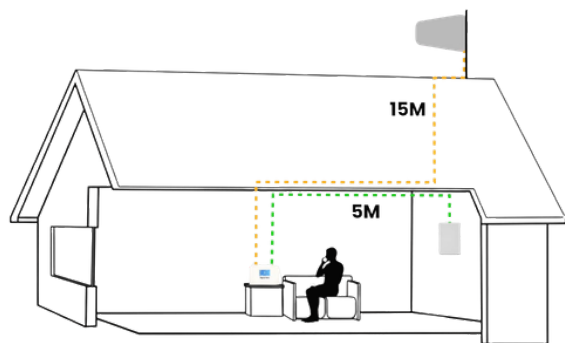

KIT INCLUDES

SPECIFICATIONS

MODEL NUMBER	SH20-300-Pro
FREQUENCIES	BAND 20 800 MHz
MAX GAIN	72 dB ±2
IMPEDANCE	50 Ohm
POWER SUPPLY	AC 100–240V
CONNECTORS	N-FEMALE
BOOSTER DIMENSIONS	20.6 x 12.5 x 4.8 cm
BOOSTER WEIGHT	<0.6Kg

INSTALLATION

1

The signal is received from the outdoor cell towers and transmitted through the cable to the booster box.

2

The booster box receives the signal from the outdoor aerial and retransmits it to the indoor antenna via a cable.

3

The panel antenna mounted on the wall receives the signal and retransmits a clean, high-quality phone signal throughout the property.
