

Hero Core 600

SKU SH203-600

PRICE €390 / €435-

FEATURES

- Improves 4G signal and voice calls on eir, Vodafone, Three, and most Irish networks.
- Designed for rural, semi-rural, and low-coverage locations.
- Supports the two main Irish 4G frequency bands used by all major mobile providers.
- Delivers clearer calls and more stable 4G mobile data indoors.

ABOUT

Reliable signal starts outside — and Signal Hero Core is designed to bring it indoors across properties up to 600 sqm. Missed calls, dropped connections and unstable data don't have to be part of daily life in rural or low-coverage areas.

Built as a universal solution, Signal Hero Core supports all major mobile networks, delivering stable 4G data and reliable voice calls across medium to large spaces. It captures signal from the nearest cell tower using a dedicated outdoor antenna, transfers it through professional-grade cabling to the booster, and redistributes it indoors via a panel antenna. This setup is ideal where outdoor signal exists but indoor reception is weak. Suitable for everyday mobile use and 4G SIM routers, it helps stabilise calls and mobile data throughout larger floor areas.

Installation follows a proven residential layout, and our Ireland-based support team is available before and after purchase.

No subscriptions or ongoing fees. **Includes a 60-day money-back guarantee and 3-year warranty.**

INSTANT SIGNAL BOOST

UP TO +70db GAIN

SUPPORTS UP TO 25 USERS CONNECTIONS

FAST NETWORK & DATA SPEED

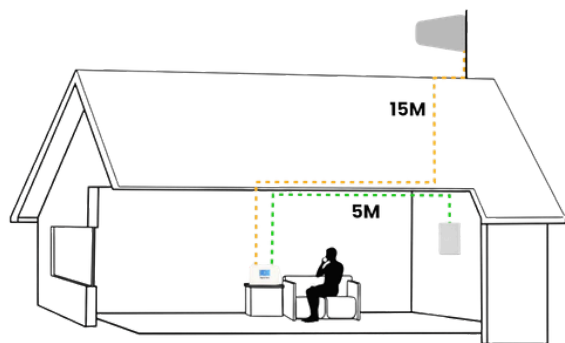

KIT INCLUDES

SPECIFICATIONS

MODEL NUMBER	SH203-600
FREQUENCIES	BAND 20 AND 3 800 MHz / 1800 MHz
MAX GAIN	70 dB ±2
IMPEDANCE	50 Ohm
POWER SUPPLY	AC 100-240V
CONNECTORS	SMA-FEMALE
BOOSTER DIMENSIONS	21 x 15 x 2.8 cm
BOOSTER WEIGHT	<1Kkg

INSTALLATION

1

The signal is received from the outdoor cell towers and transmitted through the cable to the booster box.

2

The booster box receives the signal from the outdoor aerial and retransmits it to the indoor antenna via a cable.

3

The panel antenna mounted on the wall receives the signal and retransmits a clean, high-quality phone signal throughout the property.
